

Wiley Online Library Migration Checklist

Below is a brief list of things your library can do to prevent issues after the platform migration. For more information, please review the [Libraries FAQ](#) on [the migration site](#).

| | Action | Where is it addressed in the Libraries FAQ? |
|--|---|--|
| <input type="checkbox"/> IP address | If there are any changes, you can update them in your account settings. | Will IP ranges for an institution be migrated? |
| <input type="checkbox"/> Shibboleth and Open Athens | If there are any changes, please write eal@wiley.com so they may update your account settings. | How do I set up Shibboleth or Open Athens access for my institution? |
| <input type="checkbox"/> Link Resolvers and OpenURL | If your library doesn't use EBSCO, Ex Libris, OCLC, Ovid, Serials Solutions, TDNet or uses non-DOI based linking, please have your vendor contact libraryinfo@wiley.com and we will try to include them. | Will Literatum support OpenURL? Do I need to make any changes to my link resolver or notify my vendor? |
| <input type="checkbox"/> SUSHI request URL | Take note of your customer/requestor ID and SUSHI URL under Usage reporting on the Account Administrator's page. | Does Wiley support harvesting SUSHI data? |
| <input type="checkbox"/> MARC Records | Update non-DOI links in local catalog or download global update records from OCLC/Serials Solutions. | Do the changes to the base URL affect our MARC records? See New Wiley Online Library URL Crosswalk.xlsx |
| <input type="checkbox"/> Proxy Servers | Configure for SSL and update proxy stanza . | How do I ensure EZproxy and other proxy provider settings still work for users? |
| <input type="checkbox"/> Bookmarks | Redirects will work, but you should update to the new link on any LibGuides or other pages. | Are URLs changing for the journal/book homepages or individual articles? |
